**Mr. Mike Singh**  
**Renowned Telecom Consultant and**  
**Investor in the Indus Americas Subsea Cable System (BRICS Cable)**

**Short Bio of Speaker**

Mr. Mike Singh is a globally respected telecom consultant and an investor in the Indus-Americas Subsea Cable System (BRICS Cable) which is expected to solve the bandwidth constraints faced by the emerging markets of the Southern Hemisphere via the linkage of Asia, the Middle East, Africa & the Americas.

In addition, his firm provides wide ranging consultancy services to a growing number of global powerhouses on both the operator and vendor sides of the convergent communication sector with a specialized focus on DWDM, GPON, 4G/LTE, Wireless Broadband including Wi-Max, VoIP, IPTv, NFC, Mobile Commerce, Mobile Health, M2M, IoT, IaaS, PaaS, SaaS, CaaS, MaaS, SDN, CDN, NFV, OTT, Cloud Computing including Infrastructure, Data & Software as Services, Managed Network Services and Unified Communications as well as a number of related next generation solutions in an increasingly ubiquitous world.

He is also a globally recognized thought leader and a regular presenter on issues of relevance to the global telecoms sector with a special focus on mobile convergent communications growth in the emerging markets of Latin America & the Caribbean, Africa & Asia. He is highly sought after for his expertise by such global industry leaders as CNN International, BBC, Deutsche Welle, CBC, Al-Jazeera, The Financial Times, Fortune & Bloomberg. To date his global speaking engagements have taken him afar as The UAE, Senegal, Rwanda, South Africa, Russia, Kazakhstan, Afghanistan, China, India, Malaysia, Singapore, Taiwan, Japan, South Korea, Brazil, Argentina, Chile, Peru, Colombia, Panama, Costa Rica, Guatemala, France, Spain, Germany and of course throughout the Caribbean Basin. In 2008 and 2010 he was the only invitee from the Caribbean Basin to have participated in and also addressed the prestigious FORTUNE GLOBAL FORUM held in Delhi, India and Cape Town, South Africa respectively.

He was born in Guyana where he received his early education. He later finished his high school education in Great Britain and thereafter completed his undergraduate and graduate studies in Canada and Great Britain respectively. Mr. Singh is zealously and patriotically committed to the sustainable development of Guyana's economy and infrastructure. He is also keen on executing the development projects in a clean, transparent and accountable manner and is also a regular contributor on topics of Latin America & Caribbean trade, business and economic development.
